

# East Texas Baptist Encampment Wood Pew Trapper

One of the most memorable elements at ETBE were beautiful wooden pews that sat in the breezeway for almost 50 years. Those pews were home to countless conversations about grace and Salvation. As much as they were loved, time finally took its toll on the old wooden pews. They were retired in the spring of 2022, but their legacy lives on in the handles of the ETBE Trapper. This knife holds a piece of history and hope, and many changed lives.

Each knife is \$100.00, with a portion of the price going to the future ministry of the camp. Pre-orders can be made by contacting the ETBE office or online using the QR code below.
